

## The Omichi overpass will be closed

The Omichi overpass will be closed and demolished as a part of the railway elevation project being done by the Oita Prefecture around the JR Oita station. Traffic congestion is expected on other roads due to the Omichi overpass closure. The public is being asked to make efforts to reduce traffic congestion.

- The Omichi overpass will be closed from Monday, January 17<sup>th</sup>, 2011 to around August, 2011
- Requests for reducing traffic congestion
  - Stagger commuting hours
  - Switch from using privately owned vehicles to utilizing public transportation or riding a bicycle when commuting to and from work
  - Drive to a parking lot and commute to and from work using public transportation (Park and Ride)

For more information, please contact Oita Prefectural Government at 097-545-5677.
